New Priorities Family Services Successful Treatment Completion

NPFS outpatient substance abuse program has the goal of providing you with a treatment experience that is based on your needs. An assessment and treatment service plan will be developed between you and your counselor. If you have a probation officer your treatment plan at NPFS will align with your case plan. Completion of at least 85% of your measurable goals outlined in your service plan is one of the main factors in successfully completing treatment. You will be expected to remain free of substances during treatment.

In addition the following criteria must be met (your personal situations will always be considered by your primary counselor in making determinations regarding the successful completion of your treatment).

Individual must attend a minimum of 85% of all scheduled treatment appointments (such as groups, recovery mentor, and individual counselor).

Abstinence must be documented through observed drug testing throughout our treatment program, minimum of twice each month. DUII clients will have a minimum of 90 consecutive days substance free to meet state requirements. This will be verified by urinalysis tests.

Completion of a written comprehensive relapse prevention plan that has been reviewed and approved by your primary counselor. Plan will be established by 3rd session and gone over at last session with primary counselor.

Active participation in groups and individual appointments. 85% of service plan goals will be completed before satisfactory treatment goals will have been met.

Confirmation by your referring agent (probation officer, DHS worker, court etc.) that you have demonstrated prosocial behaviors such as engagement in school, other structured activities, employment, and no recent supervision violations etc.

OHP Therapy Attendance Policy

In order for us to ensure the best possible results from therapy, you must actively participate in the program developed for you by attending all scheduled sessions.

Appointment Cancellation

We realize there may be circumstances that require you to change your scheduled appointment. When these situations occur, please notify your therapist 24 hours prior to your scheduled appointment change so we may accommodate others waiting for therapy and to avoid cancellation fee.

Appointment No Show

Our Therapists have set aside a specific time to provide your therapy. When you do not call to cancel or do not show for your appointment, this is time the therapist could be providing therapy to someone else. We realize that emergencies do occur, please call right away to make arrangements with your therapist.

Repeated Cancellations or No Shows

Cancellations or no shows will be documented in your chart. After 3 cancellations and/or 2 no shows we will conclude your services. This shows the therapist, agency, and insurance company this may not be the time for you to engage in therapy.

Acknowledgement

I have read the attendance policy and acknowledge my understanding of active participation for scheduled therapy sessions.

Tobacco/Smoke-Free Property

NPFS is a federal/State funded program and we have to abide by their rules and regulations. No smoking is permitted on the property at any time.

We have had several incidents with the fire department response team in the last couple years and in order to avoid making emergency calls to the Redmond Fire Department due to cigarettes being tossed into the bark chips the Redmond Fire Marshall has advised us to create a Smoke-Free Property.

A building fire is an increasing concern and liability which could adversely affect NPFS, clients and families and/or potentially cause a closure of the business in the event of a fire.

Highland Plaza / New Priorities Family Services is a SMOKE-FREE PROPERTY

Verbal Warning: If you are caught smoking on the property you will be asked to leave the property but may return back to NPFS after you are done smoking as long as it is non-disruptive to your scheduled appointment, time, counselor, other clients and families.

Warning: If you continue to smoke on the property after your verbal warning you will be asked to leave the property and you may not return until your next scheduled appointment and/or group.

Final Warning: You may be asked to seek services elsewhere.

*New Priorities Family Services appreciates your understanding
and cooperation in this matter.*

Sincerely,

Karen Ludwig, Director

By signing below, you acknowledge that you understand and agree to comply with the Smoke-Free Policy.
